### Relational Journey

In February I had the opportunity to join with a Missions Director from another group working in Alaska for a cross country snowmachine trip from Nenana to Unalakleet. We traveled frozen river trails stopping at villages along the way to connect with missionaries, pastors and village leaders.

In the planning stage of this trip, we were discussing our expectations. I stated that my primary focus would be to build relationships with key individuals along the way. My task was to be "Relational along the Journey," rather than just being focused on arriving at the destination. In Matthew 22, Jesus stated that the two most important things that we can do in life are to love God and love people (Matt. 22:37-39). During this first stage of the trip, we were able to visit and stay in homes with missionaries and leaders connected with groups including Send North, Interact, The Covenant Church, and several non-denominational churches. We had powerful times of prayer in each village.

### Camp Agaiutim Nune

Plans and preparations are underway for camp season this summer. We are in need of one or two cooks to oversee the kitchen ministry from June 4th thru 26th. Please join us in prayer and pass this information along if you know someone who wants to work at this remote Missions Camp located in Western Alaska on the Yukon Delta.

### Great News!

We have received our renewal to serve 4 more years as US Missionaries working in Alaska.

**Thank You** to all who have supported us throughout the years.

### Your Support is Needed

In order to continue working on our current projects and fulfill the new assignment as Directors of the Alaska Home Missions Department, we need some additional support.

(More info included on page 2)

### AK Home Missions

For years now we have heard that there are over 100 locations in Alaska without an Adequate Gospel Witness. We have not been able to find any recent reports that indicate exactly which villages are still without an adequate representation of the Gospel. In an effort to get our finger on the spiritual pulse in Alaska, I have asked a team of individuals from regions in Alaska to join me in researching locations. I anticipate this team having information to report during the April Network Conference.

It's time to do something about this! In 2019 we will launch an Initiative to reach some of these unreached areas. With God's help, as He opens opportunity to us, we will work to Advance the Kingdom of God into all regions of Alaska.
