US MISSIONARIES TO ALASKA

1st Year Completed

I recently completed the first year of my assignment as Alaska Home Missions Director for the Alaska Ministry Network. This season of ministry has been the most challenging, rewarding and productive to date. As I look back at my life, I recognize that God has been working in and grooming me in preparation for this appointment as AKHM Director. I know that God has called and anointed me for this assignment for this season. It's an honor to serve Superintendent Welch and the Network in this capacity.

US Missionary Status

Several folks have inquired of our status with US Missions. We are continuing to serve as Nationally Appointed Missionaries with US Missions. The Alaska District does provide office space and occasional reimbursement of expenses, however I do not receive any compensation from the Alaska Ministry Network. Your continued monthly support is crucial for this work to continue. We do need to raise additional support, so as God provides please consider investing additional funds into the Harvest fields of Alaska. Please contact us for more information or online giving is available @ <http://s1.ag.org/terryhull>
We recognize that our faithful partners are sacrificing to give so generously to our work, and we deeply appreciate it!

U.S. MISSIONS

New Locations

Exciting things were accomplished in several of our targeted locations these last few months, however we have much remaining to be accomplished. With God's help ministry has been launched into several of these locations and additional plans are in place to increase activities into others starting in January. You can find an introduction to these 13 Villages that we have identified @ www.907missions.com/villages. Prayer cards available upon request. Please join us in fasting and praying for these targeted locations.

Workers for the AK Harvest

For years we have heard reports estimating 100+ Villages in Alaska without an adequate Gospel presentation. That is not ok, now is the time for us to start doing something about this. It's imperative that we purposefully take action to reach these dear folks with the Good News. The first action we will take is to pray. The instructions that Jesus left for us is that "The harvest is plentiful, but the laborers are few; therefore pray earnestly to the Lord of the harvest to send out laborers into his harvest." Matt 9:37-38 ESV

During a morning prayer session at the Nome Camp meeting in October, I was praying for workers for the Alaska Harvest Field. As I was asking God to interrupt peoples lives and divinely call them to Alaska, I was challenged by the Holy Spirit to enlarge my faith. To pray and believe for 300 workers in the next 10 years. We must have a large team to effectively share the Good News in **Each Village to Every Person** in Alaska. Would you join me in prayer believing for 300 additional workers by 2030?

US MISSIONARIES TO ALASKA

Update on Projects

Camp Agaiutim Nune and the 2019 AKHM projects kept me busy throughout the summer. MAPS teams and other volunteers from Alaska and across the lower 48 came to help us work on these projects. This volunteer work force spent hundreds of hours working on projects around the state. We are so thankful for all that was accomplished

Little Beaver Camp

Earthquake damage repairs at Little Beaver Camp are now completed. Pastor Barry, Shep and Mandy have worked hard to coordinate and complete the repairs. MAPS teams and other volunteers were a huge blessing!

Talkeetna Handicap Access Ramp

Stage one of the handicap access ramp in Talkeetna is completed. MAPS provided the workers for this project. Wow, how nice it is for the folks to have easy access to the facility now.

Fort Yukon

Missionary Pastor Jeremiah Niemuth reports from Fort Yukon that the new facility is very close to completion and they have already started holding services in the new facility. Please let me know if you would like to be involved in finishing this project. Plans are underway for a dedication service to celebrate the opening of this new facility with the folks in Fort Yukon.

Alakanuk

Pastor Sergey of New Chance Church led the way with recruiting teams and coordinating the work on the church facility in Alakanuk. The first of September we were able to complete the remodel of this facility and celebrate with a rededication service. The folks in Alakanuk immediately started using this renewed facility on a daily basis. Some of the folks are meeting daily at the church for morning prayer and Sunday and Wednesday worship services each week. You can find a video that New Chance Church produced of the re-opening of this church @ www.907missions.com/alakanuk-remodel

David and Madi are here

Our Missionary Associates from Southern Missouri, David and Madi Huff arrived in Alaska just in time for the busy fall season. It's been wonderful to have him on site working on projects and taking trips with me. David jumped right in making plans for a winter missions trip to the lower Yukon and arrangements for Camp AN next summer. He has also worked on upgrading websites. Keep an eye out for new developments @ www.907missions.com

"In all my prayers for all of you, I always pray with joy because of your partnership in the gospel from the first day until now," Philippians 1:4-5

A VERY MERRY
CHRISTMAS
and Happy New Year!
